What is IISMA?

Indonesian International Student Mobility Awards (IISMA) is a scholarship scheme by the Ministry of Education, Culture, Research, and Technology of the Republic of Indonesia in collaboration with Indonesian Education Endowment Fund (LPDP) to fund Indonesian students for a one semester-mobility program at top universities and reputable industries overseas. Offering two schemes for undergraduate and vocational students, IISMA will expose Indonesian students to international academic and cultural diversity. Students can spend one semester (4-6 months) at the overseas partner university to study, to experience the host country's culture and undertake practical assignments to hone their skills.

Scottish Studies: Conceptualizing Scotland (20 credits)

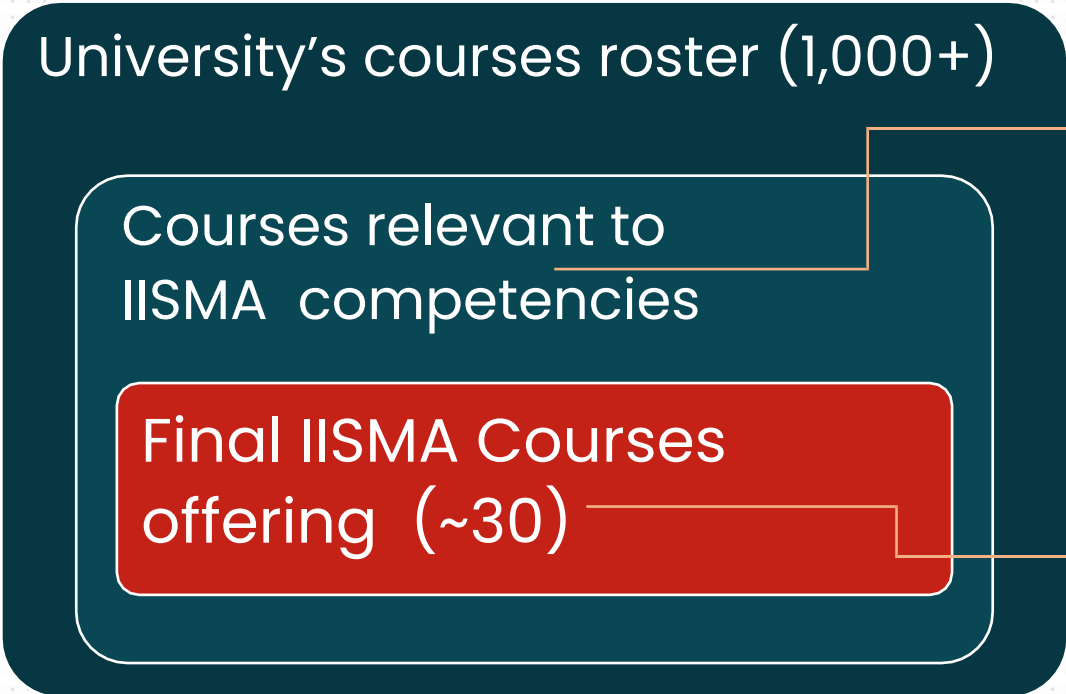

Course description:

An introduction to the study of culture, society and tradition in Scotland, with the emphasis on de-constructing competing conceptions and images of the nation. Theoretical approaches to the investigation of cultural construction, representation and expression are introduced through heritage, literature, folklore, music, song, visual art and the popular media. Students are also invited to consider the political context of cultural representation and investigate the interface between culture and industry

To learn on-demand interdisciplinary skills, while removing inter-institutions barriers

Dr. Lauren ĩori Associate Director of International Programs, Penn

It was a true pleasure to welcome IISMA students to Penn. These students truly exemplified what it means to engage in a cultural exchange. Not only did they integrate into the Penn campus and culture, but they also shared their Indonesian culture with the Penn community in a very impactful way.

Katherine Dunkerley Director for International Initiatives, Boston University

Our experience as a host institution was excellent. The students who came to Boston were well prepared to make the most of their time here, were a great support not only to each other but to the students who they lived with and were in class with here at BU.
